Wine description and information

Lagrein is one of South Tyrol's most important native grape varieties and has its historic home in **Gries, Bolzano**. Here, the warm, deep soils provide ideal conditions for the grape to develop its powerful and distinctive character. Our **Lagrein Andrä** shows an intense garnet-red colour with violet reflections. On the nose, fruity and floral aromas combine with subtle notes of cocoa and leather. On the palate, it is rounded and well-balanced, with a powerful structure and a distinctive, persistent finish. **A classic Lagrein from Gries – powerful, distinctive and fruit-driven.**

Pairing

Our **Lagrein ANDRÄ** is an ideal companion to rich meat and game dishes, as well as mature hard cheeses. **Ideal serving temperature: 18 °C.**
