Cultivation	traditional South Tyrolean pergola
Grape harvest	By hand
Vinification	Fermentation and ageing in stainless steel.

Wine description and information

Lagrein Kretzer is the traditional rosé expression of Lagrein, a native South Tyrolean grape variety. Its name derives from the “Kretze”, a woven basket traditionally used to separate the must from the grape skins. For our **Lagrein Rosé Kretzer Nora**, the grapes are gently pressed and the must is then fermented and aged in stainless steel. This preserves the wine’s freshness and vibrant fruit character. In the glass, it shows a bright, pale ruby-red colour. On the nose, fresh aromas of cherry and red berries unfold. On the palate, it is juicy and lively, with refreshing acidity and fine fruit. A fresh, distinctive Lagrein Rosé combining South Tyrolean tradition with an inviting, easy-drinking character.

Pairings

Our **Lagrein Rosé KRETZER** is a versatile food companion. It is excellent as an aperitif with a traditional South Tyrolean *Marende* and pairs particularly well with vegetarian dishes and local specialties such as dumplings or *Schlutzkrapfen*.

Ideal serving temperature: 12 °C.
